Plot:

Schoolboys have crash landed on a deserted island and find themselves alone without any adults.

We meet Ralph and Piggy. Piggy has asthma.

They find a conch and use it to summon any other survivors (including the twins Sam n Eric, Jack and Simon) together.

Ralph is nominated as leader and Jack is appointed as leader of the hunters.

Ralph tells everyone about Piggy's name.

Ralph, Jack and Simon explore to see if there are any inhabitants on the island.

Jack fails to kill a pig that they come across and makes an excuse for his actions.

Assessment Week

- ❁ Today you are going to answer some questions based on chapter 1.
- ❁ These questions will test your memory and what you have understood from the first chapter.
- ❁ You may use the book to help you if you need it.

Assessment Week

🌸 Remember:

1. What is the 'fair boy's' actual name?
2. What does Ralph use to make a horn? Describe it.
3. How do the boys decide who will be leader?

Assessment Week

Understand:

1. List what the boys have discovered about their island by the end of the chapter.
2. Chapter 1 includes the quote: 'Beyond the falls and cliffs there was a gash visible in the trees; there were splintered trunks and then the drag, leaving only a fringe of palm between the scar and the sea.'

This is just one reference to a 'scar' on the island.

Explain, literally, what is being described in that quote.

Use the book to help.
